

Luxury Shower Fittings

June 2010

Designed for unlimited possibilities

At GROHE, good design is backed up by seven decades of research and development; the result, products that are renowned worldwide for their technical excellence, longevity and visual appeal.

Revitalise your mind, body and soul with an exhilarating GROHE shower. Feature-packed designs delivering a range of sensations, so you really can have the shower of your dreams.

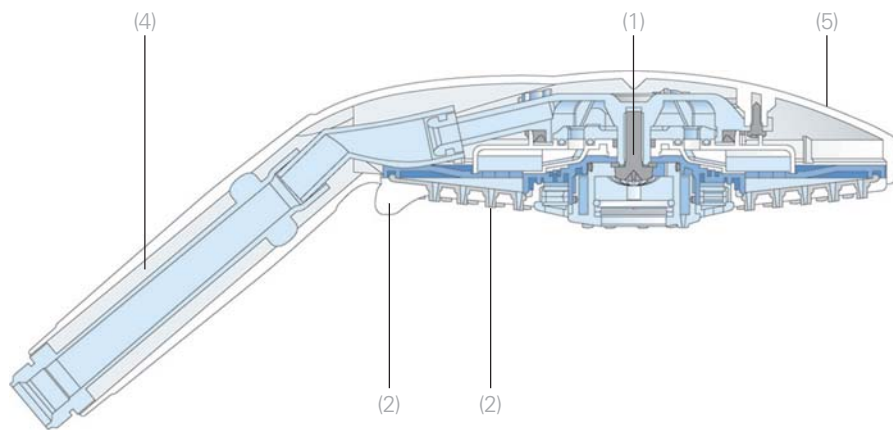

Fantastic GROHE shower range comes in a variety of designs, each offering a myriad of features and benefiting from our unique and advanced GROHE DreamSpray® technology – for an unbeatable sensory experience.

GROHE DreamSpray®

All GROHE showers incorporate **GROHE DreamSpray®** technology.

This winning formula of quality and innovation creates optimal water distribution for an unparalleled showering experience.

(1) Just like cars, showers have engines too. The exceptional quality, precision and sheer number of internal parts sets GROHE showers apart from competitors.

(2) Unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood you're guaranteed that it will be an all-over exhilarating experience.

(3) Limescale build up is a thing of the past with our **GROHE SpeedClean®** nozzles. Made from multi-component silicone, a quick wipe with your cloth or hand is all that's required to remove any limescale.

(4) The advanced **GROHE CoolTouch®** technology creates a thermal barrier between the hot water and the surface of all the handshowers. This prevents the chrome finish from cracking and ensures it's never too hot to handle.

(5) With all these amazing features, plus the added benefits of **GROHE StarLight®** – for a sparkling chrome finish, it's hardly surprising that GROHE showers will give you a lifetime of pleasure and enjoyment.

Spray Patterns

Rain spray

A rich spray pattern with many soft individual drops.

Wide spray

A regular spray pattern with a refreshing & relaxing effect.

Massage spray

A pulsating spray pattern for a stimulating massage.

Pulsator spray

Effervescent spray for a relaxing shower.

Champagne spray

Air bubbles make for a softly sparkling & tingling spray pattern.

Jet spray

A vigorous spray pattern to stimulate the skin.

Pure spray

A soft spray pattern reminiscent of a mountain spring.

Spray Dimmer

Steplessly adjustable flow rate saves water.

Instant Gratification & Long Term Value

GROHE Germany & Paterson NZ are so confident you will enjoy GROHE Dreamspray, we offer a 30 Day Enjoyment Money Back Guarantee*.

With every GROHE Dreamspray product purchased for domestic use, you'll also enjoy our 15 year GROHE Limited Domestic Warranty* for complete peace of mind.

Rainshower® next generation Icon, Solo and Eco

The new Rainshower collection presents high-performance GROHE Dreamspray® in a way which could revolutionize how people interact with showers.

The combination of ground breaking aesthetics and bold iconic colours (chrome with evening gray, and moon-white with ecogreen) enable the products to transcend into a new genre of handshowering. The Ecobutton saves up to 40% of water without reducing the number of nozzles. Enjoy the full rain spray experience.

Shower Systems

Euphoria System

The aesthetic has been skillfully reduced to ensure perfect proportions and consistent geometry. The system delivers all the benefits of a fully customized system, including a thermostat, head shower and hand shower.

Aquatower

A Silky aluminium finish creates a luxurious look suitable for any style-savvy bathroom.

Combining individually adjustable multi-jet side showers, luxurious handshowers and a GROHE thermostat to keep water temperature constant, Aquatower is the ultimate mix of high-design and high-technology.

27296*

Euphoria - Thermostatically controlled water to single spray handpiece & headshower

Aquatower 1000 - Thermostatically controlled water to 2 body jets & dual spray handshower

Freehander®

Ingenious design enables you to switch from the headshower to side shower position in 1 easy movement thanks to its movable shower arm. 2 adjustable rotating showerheads incorporating Stop and Eco functions, save both water and energy.

Rainshower system

Available with or without a thermostat, it combines an overhead shower and a handshower in one sleek package.

Ideal if you're renovating your bathroom as it's externally mounted – so not only does it look great, it's practical too.

Speedclean®

Speedclean gets rid of limescale.

Cleaning the head is child's play with GROHE showers.

Conventional showers can become clogged with scale, but that doesn't apply to GROHE showers.

Wipe over the nozzles with your hand to remove the limescale.

Cooltouch®

Clever ideas for handshowers.

The special CoolTouch design of the GROHE handshower prevents the handle from heating up excessively.

* All products featured on page have a 3 Star Water Rating - 9 litres per minute, in combination with GROHE Relaxa hose 28151

Shower Accessories

To complete the GROHE shower experience, the range of shower accessories includes design details to enhance your interior scheme and practical elements which bring an extra dimension to GROHE products.

Silverflex shower hose - 1750mm

Rainshower extension

The rainshower extension was designed to enable rainshowers to function as overhead showers.

By attaching the extension to the top of the shower rail, it allows the handshower to be located in a more central position and the user to enjoy the benefits of an overhead shower.

* All products featured on page are not water efficient

Shower Mixers

The exciting range of shower mixers come in an amazing array of styles, sizes and configurations. Modern, linear shapes to suit architectural spaces, contemporary styles for family homes and traditional designs to enhance period-style bathrooms. All of them are packed with the latest technology for a lifetime of smooth operation and low maintenance – one of the reasons why you’ll find GROHE products in some of the world’s best hotels.

GROHE SilkMove® - Smooth fingertip adjustment

The unique ceramic cartridges are manufactured by GROHE from an advanced ceramic alloy, and coated with a Teflon lubricant. As a result, GROHE SilkMove® technology ensures a lifetime of maintenance-free comfort and reliability, while an extra generous operating angle means temperature changes from hot to cold is a smooth, gradual and precise process.

GROHE StarLight® - Superior hardened chrome finish

The chrome plating process, refined over the past 70 years, creates a deep and even layer and is known as one of the best surface finishes in the world. The result is a luminous, mirror-like sheen that is soil-repellent and resistant to scratches and tarnishing. GROHE StarLight® ensures a sparkling chrome finish for years to come.

Trendsetters

If you want to stay ahead in the style stakes, the latest fashion for bathrooms include shower panels and Aquatowers, generous shower roses and walk-in wet rooms.

Aquatowers look great, are easy to install and come equipped with a wide configuration of body jets and spray patterns.

Oversized shower heads have really taken off as the focal point of any stylish bathroom, whether contemporary or traditional.

Wet rooms meanwhile are the latest trend in chic showering: A modern alternative to cubicles and enclosures.

Aquatower 2000

Rainshower F series 5"

Exciting choices

In today's fast-paced world, time is of the essence. The handshower you choose should offer a number of spray patterns, so you can pick the sensation it gives you to suit your mind as well as your body.

From a soothing Massage pattern to a tension-releasing Jet spray, GROHE showers all feature the latest GROHE DreamSpray® technology and are designed with you in mind.

Whatever you desire, GROHE has a shower to suit.
